

## Student Learning Objectives

Central Valley High School graduating students will be prepared to be successful in college and careers through:

### Academic RIGOR

*Students will successfully complete rigorous coursework as part of their 4 year-plan at CVHS so that they are able to:*

- *Demonstrate the effective use of a variety of resources to solve problems.*
- *Demonstrate content knowledge and apply learning to college and careers.*
- *Effectively communicate through reading, writing, listening and speaking across all content areas.*

### Personal RELEVANCE

*Students will engage in courses of study and school activities that are personally relevant so that they are able to:*

- *Choose experiences to gain knowledge essential to individual pursuits.*
- *Commit to learning as a life-long process as well as a means to achieving individual goals.*

### Meaningful RELATIONSHIPS

*Students will engage in positive and productive relationships with peers and staff so that they are able to:*

- *Respectfully collaborate in teams whose members may have diverse backgrounds and viewpoints.*
- *Create meaningful interpersonal connections.*
- *Develop into responsible, proactive community members.*

### Thoughtful REFLECTION

*Students will reflect on their own learning and growth inside and outside of the classroom so that they are able to:*

- *Effectively create, assess and revise personal and professional goals.*
- *Evaluate how personal actions affect the local and global community.*
- *Contribute positively to improve and maintain a healthy, sustainable environment.*
